Principal Report

Last week we farewelled Miss Georgie, our CSU Prac student. She has spent every Wednesday over the last 8 weeks working with the children at Euchareena. She said she has enjoyed working with our children. The students loved working with Miss Georgie each week.

In Literacy the school has been investing in some hands on resources to aid with the students’ learning. We have also used some of our computer budget to subscribe to some great Literacy and Numeracy websites and Apps. If your child has access to a computer or ipad at home and you would like them to access the Literacy and Maths programs let me know and I can send their login details home with them.

Next Thursday, 28th May, Collie and I will be attending a professional learning day at Spring Terrace Public School. Eve Munro and Kaye Duncan will be taking the children to Mullion Creek PS.

Attached to this newsletter is a notice about a community meeting which will be held on Tuesday 14th July at 3:00pm. This meeting is an information session about the future provision of education at Euchareena Public School. There will be afternoon tea provided. I encourage you to attend and to inform other community members who may be interested to attend so you can all have your say.

We are cooking Spaghetti Bolognese on Friday for Canteen. If your child would like Spaghetti Bolognese just send in $3. Pies and Sausage Rolls will be available as well.

Have a great fortnight.

Julie
Snippets from Mrs Smithers 27. 05.15

Library:

In library we are continuing with our sea theme. This week we are starting to look at crustaceans which include crabs, prawns, shrimps, lobsters and barnacles. They have an exoskeleton which is a hard shell on the outside of their soft bodies. When they grow too big for their skeleton, it falls off and a new one grows underneath. A bit like changing their clothes! This week we will be choosing one crustacean and researching its life cycle.

Gardening:

Our winter vegetable garden is progressing well. Carrots, lettuce, spinach and sugar snap peas and cabbage are all growing well. Unfortunately the broccoli plants which we grew from seed have disappeared. I think some little creatures felt that they made a nice lunch for them. Each week we visit the garden, watching its progress and weeding the beds. Don’t forget to send fruit and vegetable scraps to school for our chooks and worms.

Envirostories:

Our primary children are continuing to write their envirostories this week. This year the theme is feral or invasive animals and looking at the damage they do to the environment. We have chosen mice as our feral animal and the damage they do to the crops when there is a plague.

Class literacy:

Today we read a book by Gillian Rubenstein called “Dog in, cat out.” Koby liked the story because it “was funny when the dog was out and the cat was in.” Amy liked the story because “the dog put mud in the house!”

Have a good week,

Mrs S.
Tuesday 5.5.15

On Saturday my mum picked me up. My mum and I went to the skatepark after we went to the skate park we had lunch with the family.

Well done.

Monday 27th April 2015

The friends respect each other and be nice to each.
The friends feel special and tell each other secrets.
